

## GBC Heatseal H520 Highspeed

### The preferred choice for the office Professional

This professional laminator provides excellent, high quality laminating results in less than half the time of the standard competitors.

Perfect for the office where a high volume of documents are laminated.

Photo quality lamination from 2x75mic (150Total) to 2x175mic (360 Total) and an additional cold temp setting for cold pouches.

• You never need to guess how long the warm up time is ever again - H520 has a **digital count down** for warm up time!

• **Increase effectiveness** with this high speed laminator which can laminate upto 160 A4 pouches on only 1 hour!

• For the **ultimate through put** use GBC High speed pouches and laminate upto 229 pouches in an hour!

• Simple clear user guidelines for temperature settings

• Lamination width\* from ID size to **A3 Max** (324 mm).

• Carrier-free performance

• Digital Variable Temperature control giving increased accuracy (+ 'Cold' setting)

**4 Roller Technology** for exceptionally high quality lamination results!
